Report from Berlin—Plague and cholera in various places.

BERLIN, GERMANY, *December 12, 1901.*

SIR: I have the honor to transmit the following information, obtained from the imperial health office at Berlin:

PLAGUE.

EGYPT.—On November 23 and November 24, 2 cases of plague occurred in Ziftah, both with fatal result. The total number of deaths from plague in Egypt during the period from April 7 to November 29 was thereby increased to 96, while 97 plague patients were cured during this time.

BRITISH INDIA.—During the week ended November 8, 9,233 new plague cases and 6,630 deaths were registered in the Bombay Presidency—that is to say, 1,507 cases and 1,063 deaths less than during the foregoing week. Eighty of these cases (42 deaths) occurred in the harbor town of Karachi, being 24 more cases and 5 more deaths than during the previous week. In the city of Bombay during the week ended November 9, 157 fresh cases and 195 deaths of plague were registered. Besides these, 150 deaths were described as suspected plague.
